GST

March Camera Kit

1 x Ajax Hub 2
Intelligent control panels with ethernet connection and Vodafone SIM option. Ajax Hub enables the performance of each device in the system. It monitors and controls devices using advanced wireless technology. Connects up to 50 users, 100 devices and 9 partitions.
* MotionCam detector camera requires Hub2 for operation.

1 x MotionProtect
Wireless pet immune motion detector

1 x ExternalSiren
Wireless outdoor siren with strobe light.

NEW

1 x MotionCam Camera
Incorporates both a PIR sensor and Camera. Takes a series of photos and sends them instantly to the user's phone. The camera operates only when the system is in 'Armed' mode and activated by intrusion. Controls security and not your personal life. Will not take photos on request and is not continually watching you! All photos are encrypted. Ignores pets up to 50cm high/20kg using SmartDetect algorithm.
* MotionCam detector camera requires Hub2 for operation.

1 x TouchPad
Two-way wireless touchpad. This is optional as AJAX can be controlled from a smartphone or Remote.

Available on the AppStore

Get it on Google Play

PhoneApp
Download the **free** app on your android or iPhone

All Ajax products have a 4 year manufacturer's warranty (excluding batteries).
No-interest payment options available. (T&Cs apply) Price does not include install.
